linkedin.com/in/emanuelstefan · emanuelstefan.com

PROFESSIONAL SUMMARY

Senior Software Engineer with over a decade of experience building reliable, scalable systems across fintech, education, healthcare, hospitality, booking, and project-management products. Comfortable across the full stack and multiple architectures, with a strong focus on clean design, performance, and delivering solutions aligned with real business needs. Experienced in leading and mentoring engineering teams, and active in adopting modern AI-assisted development workflows.

TECHNICAL SKILLS

Languages: Ruby, JavaScript, Python, C#
Backend: Ruby on Rails, Django, Sidekiq, Redis, REST APIs, Microservices
Frontend: React, Angular, EmberJS, jQuery, Bootstrap, HTML, CSS
Databases: PostgreSQL, MySQL, MSSQL
Testing: RSpec, Cypress
DevOps & Tools: Docker, Jenkins, Heroku, Git, Scrum/Agile
Also (personal projects): .NET, Windows Forms
AI Tools: Claude, GitHub Copilot, Devin, ChatGPT
Leadership: Team leadership, mentoring, adaptability, collaboration

PROFESSIONAL EXPERIENCE

Full-Stack Engineer

Aug 2025 – Present

The Access Group · Timișoara, Romania

- Build and scale features for a hospitality solution using Ruby on Rails and React, integrating AI technologies into the product.
- Contribute across the full development lifecycle, from design to deployment, with a focus on performance and clean architecture.

Stack: Ruby on Rails, React, PostgreSQL, RSpec

Senior Software Engineer

Oct 2024 – Jul 2025

DevTactics · Timișoara, Romania

- Built core features for a large-scale project-management platform within a distributed team, covering project, team, and version management.

Stack: Ruby on Rails, React, MySQL, Docker, Jenkins, RSpec

Development Team Lead

Mar 2024 – Aug 2024

Ativion · Timișoara, Romania

- Led an established engineering team responsible for the code area handling student well-being and online safety.

Senior Software Developer

2022 – 2024

Ativion · Timișoara, Romania

- Developed and maintained Rails-based features for a large-scale platform used by Fortune 100 companies and over 30,000 schools.

Stack: Ruby on Rails, Sidekiq, JavaScript, Bootstrap, MySQL, PostgreSQL, RSpec

Full-Stack Engineer

2021 – 2022

Victory Square Partners · Timișoara, Romania

- Built and tested features for a healthcare microservices platform.

Stack: Ruby on Rails, React, Bootstrap, MySQL, RSpec, Cypress

Software Engineer

2019 – 2021

3Pillar Global · Timișoara, Romania

- Delivered both backend and frontend features across challenging large-scale software applications, adapting to the needs of each project.

Stack: Ruby on Rails, Python/Django, React, EmberJS, Bootstrap, MySQL, RSpec

Technical Trainer

2019 – 2020

Software Development Academy · Timișoara, Romania

- Trained aspiring developers across Databases/SQL, HTTP and server basics, frontend technologies, and Git / version-control systems.

Software Engineer

2015 – 2019

Unified Post · Timișoara, Romania

- Planned and developed backend services for a FinTech solution composed of multiple interconnected applications.

Stack: Ruby on Rails, Angular, Redis, PostgreSQL, RSpec

EARLIER EXPERIENCE

Software Engineer · 3Pillar Global · Timișoara (2014 – 2015) — Backend modules for Rails web applications. Ruby on Rails, MySQL, RSpec, Scrum/Agile

Web Developer · EpicCoders · Timișoara (2012 – 2014) — Built and improved web applications, server- and client-side. Ruby on Rails, jQuery, Angular, Bootstrap, MySQL

Junior Software Developer · BMS Automation · Timișoara (2011 – 2014) — SCADA GUIs, database reporting/exports, and company web content for industrial automation.

PERSONAL PROJECTS

.NET / Windows Forms — Industrial reporting

- Built Windows Forms reporting applications for the industrial-automation field, extracting data from MSSQL databases and exporting it to PDF and Excel.

AI-assisted development

- Used AI tools (Claude, GitHub Copilot, Devin, ChatGPT) to build web applications, presentation websites, and custom features for various projects.

EDUCATION

B.Sc. Computer Science — Polytechnic University of Timișoara, Romania	2010 – 2014
Mathematics & Computer Science — "C.D. Loga" High School, Caransebeș, Romania	2006 – 2010

INTERESTS

Woodworking · Graphic design
